TO LOVERS OF GARDENS

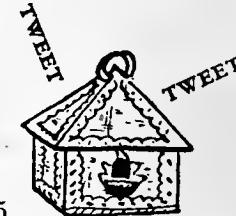

The lure of the garden is with us again; and we beg to place before you for your consideration a partial list of the things that we consider the finest of the year that are adaptable to our locality. Space in this little folder does not permit long or flowery descriptions of various items. We will be glad to tell you all we know about any particular item in which you are interested. We wish to call your attention particularly to the Tom Thumb Zinnias, Crimson Star Columbine, Deiner's Double Daisy; Mrs. J. D. Eisele, Vaterland, and Gilden Emblem Roses; among the things announced for the first time. And those of you who did not indulge last year in

Golden Gleam Nasturtium, Rose Marie Morning Glory, Rosa Rouletti, and Blaze Climbing Rose we urge you to do so this season. We have omitted The Garden Shop Chart of Flowers from this folder, thinking that most of you have a copy. If any one should like additional copies, these may be had at our store. May we take this opportunity to thank you for your continued patronage, to wish you success for the Gardening Year, and to wish more rain for you than you had last season.

SEEDS FOR FLOWERS OF SPECIAL MERIT

| | Per Package | | Per Package |
|---|----------------|--|----------------|
| AGERATUM—Blue Cap. A new dark blue type developed primarily for borders. The plants have little foliage and resemble four inch balls..... | \$.15 | MORNING GLORY—Double Rose Marie. An early flowering variety with rose pink, double flowers..... | \$.25 |
| CALENDULA—Sunshine. Gives a clear golden yellow flower the center petals of which have a tendency to curl inward. This confirmation tends to make the flower have the form of a Japanese Chrysanthemum..... | .25 | NASTURTIUM—Golden Gleam. The finest novelty of last year. Produces a great number of golden, semi-double flowers on 18 inch vines. 50 Seeds, 25c; Pkt..... | .15 |
| CALIFORNIA POPPY—Double Salmon Beauty. This will prove to be most popular. Its lovely salmon shadings are carried throughout the petals, the outside ones being folded backward, thus making the bloom attractive even in bud..... | .25 | PETUNIA—Burpee's Blue. The finest of the true blue petunias in a steel blue shade. The flowers are of the size of Rose Morn and it flowers as generously as that variety | .25 |
| CANDYTUFT—Miniature Gem. This new Candytuft is particularly adapted to use for the border, or for broadcasting thru the Rock Garden. It is pure white and grows but 3½ inches high. | .15 | TITHONIA—Speciosa. More unknown than new. Native to Peru, the plant resembles a dahlia, and the flowers are glorified orange cosmos. Grows six feet high, and almost without care. Our mid-western seasons are much to its liking..... | .25 |
| CANTERBURY BELL—New Annual. The greatest objection to the old type was its biennial habit. In this new type which blooms in six months from seed, the Canterbury Bell should come into its own. Mixed..... | .35 | URSINIA—Aurora. Plants are slightly larger than those of Pulchra, being about ten inches tall. The crimson band surrounding the orange corolla makes the flower very attractive. | .50 |
| CYNOGLOSSUM—Amabile Pink. Introduced last season as a new departure in color for this flower..... | .25 | URSINIA—Pulchra. The finest of the introductions for the border. The foliage is trim, finely cut, and the six inch plants are smothered with orange, daisy-like flowers. | .50 |
| DAISY—Deiner's Double Shasta. The best perennial introduced this season. While the seed does not come more than 50% double, even the single ones are superior to any other strain; and the double are exquisite beyond compare..... | .50 | VENIDIUM—Fastuosum. This South African Annual proved its value last year. Flowers are large, four inches across, orange, with brown center zones..... | .25 |
| GEUM—Prince of Orange. An unusual coloring, deep orange, in this deserving perennial. It should prove the most popular of its class..... | .50 | VERBENA—Royal Bouquet. A new upright growing type of symmetrical growth. Colors are mixed, and blossoms are large. | .25 |
| LARKSPUR—Gloria. The best of the newer larkspurs. Deep rose in color without tonings..... | .25 | VERBENA—Beauty of Oxford Hybrids. These are seed crossings with the popular Beauty of Oxford and Luminosa. The result is a size like the former and the lustrous beauty of the latter. The colors are shadings of rose to carmine. | .35 |
| LEWISIA—Howelli. A low creeping perennial for the Rock Garden. Grows but three inches high. The bloom scapes, six inches high, are covered with rose, star-like flowers. Delights in a hot, dry situation..... | .75 | VIOLA—Arkwright Ruby. A splendid rich crimson..... | .25 |
| MARIGOLD—Guinea Gold. The compact plants, two and one half feet high, produce all double flowers. The usual odor is somewhat modified..... | .25 | Little Gem. Lighter blue than Jersey Gem..... | .25 |
| | | White Gem. A white form of Jersey Gem..... | .25 |
| | | ZINNIA—Lilliput Rosebud. A true rose-pink form like Salmon-Rose and Red Riding Hood..... | .15 |
| | | ZINNIA—Tom Thumb Mixed. The tiniest of all zinnias. The plants grow only 4-6 inches tall, and are covered with miniature blooms throughout the year. They are splendidly adapted to bedding or for borders in front of the taller types. Make attractive bouquets for small vases or bowls. | .25 |

SELECT HYBRID TEA OR EVER BLOOMING ROSES

Under this heading we are offering only those varieties which have proved themselves by trial to be of the type most suitable for our rather trying climatic condition. Early in the season we are able to offer these plants with dormant roots, later it is necessary that they be handled only in pots, grow-

ing. Some rose lovers prefer one form or the other, and authorities as yet are unagreed on which form is the better. All, however, admit that for planting after the growing season starts, only potted plants should be used. Full cultural directions will be furnished with all our roses.

The following group of Roses, each dormant, 60c; Doz. \$7.00

COLUMBIA—Peach-blush pink; a large rose; long, stiff stems.

DAME EDITH HELEN—Pure glowing pink, long buds, strong grower; foliage bronze; one of the new roses; most satisfactory.

ETOILE de HOLLANDE—Rated as the finest of the crimson roses.

FRANCIS SCOTT KEY—Deep red, large flowers, very double; very strong grower.

GRUSS AN TEPLITZ—Dazzling, fiery crimson; always in bloom.

HADLEY—Deep rich velvety crimson.

JONKHEER J. L. MOCK—A two-tone pink, reverse silver white; blooms of magnificent size and form.

KAISERIN AUGUSTA VICTORIA—The best of the white roses, faintly suffused with lemon yellow; a splendid grower.

LA FRANCE—Bright pink with silver cast; very old but has the true rose fragrance.

MME. EDW. HERRIOT—Buds long, slender, coral red, shaded with yellow at the base; opens rosy scarlet, passing to shrimp red.

MRS. AARON WARD—A distinct Indian yellow shading lighter toward the edges.

OPHELIA—A creamy-pink bloom with golden tone.

PREMIER RED—Deep red; very fragrant; thornless and free blooming.

RADIANCE PINK—Our best pink rose, displaying a beautiful rich and opaline pink; averages fifty roses per season and is the best grower and most profuse bloomer of all the pink roses.

RADIANCE RED—The exact counterpart of Pink Radiance in growth and bloom, except it is a deep rich red.

SOUVENIR DE CLAUDIO PERNET—Long buds, very large, full flowers of clear sulphur yellow; a wonderful garden rose.

WILLOMERE—Rich pink bloom with a yellow glow. Best substitute for Los Angeles.

NEWER VARIETIES OF HYBRID TEA ROSES WITH SPECIAL MERIT

AUTUMN—A tall grower that produces fine brilliant scarlet buds on long stems. The flowers open in rich golden-yellow and crimson flowers. Each.....\$.75

BETTY—Buds are copper-pink opening deeper. Strong grower. Each

CHARLES P. KILHAM—This rose surpasses in number of flowers produced and equals the coloring of the popular garden rose, Mme. Edward Herriot. Each.....\$.75

DUCHESS OF ATHOLL—Large flowers of bronzy yellow tinged with orange. Good bloomer.\$1.25

DUCHESS OF WELLINGTON—Rated as one of the best 12; buds are golden orange, lightening with the maturing blossom; a strong bloomer. Each.....\$.75

EDITOR McFARLAND—Scintillating pink with a veil of amber. Long stems vigorous Radiance type. Each.....\$1.50

GOLDEN DAWN—Large pointed bud of bright yellow that carries a reddish tone. Fine Australian introduction. Each.....\$.75

GOLDEN EMBLEM—Blooms are of an intense yellow and of splendid size and shape. Each

GRENOBLE—Large dark velvety red. New French introduction of great merit. Each

GRUSS an COBURG—Good size bloom of rich yellow-copper-pink blending. Each

HORTULANUS BUDDE—Bright red flower born in unrivalled profusion throughout the summer. Each

JOANNA HILL—Large flowers of deep creamy-yellow with orange tone at base of petals. Each

J. OTTO THILOW—A beautiful rose with long flower of glistening pink. Each

KILLARNEY—Double white; a fine white of splendid form and great substance. Each

\$.75

LEONARD BARRON—Produces an immense, full to center, terra-cotta, salmon and gold flower. Fragrance is like the red cedar odor of the wild Nutkana Rose, one of its parents. Extra fine. Each....\$1.00

MARGARET McGREDY—One of the finest of the newer roses; color is orange, vermillion splashed; very vigorous. Each.....\$.75

MISS ROWENA THOM—The best pink rose in several years. Each \$.75

MRS. PIERRE S. du PONT—Bids fair to become the best yellow garden rose. Each

\$1.25

MRS. J. D. EISELE—Covered by patent No. 67. Deliciously fragrant like the old fashioned roses. Color is cherry-red, and blooms are of fine size and shape. Each

\$1.75

OLYMPIAD—Lustrous dark oriental scarlet, intensified by a golden coloring at the base of the petal. A rose of splendid form at all times. Each

\$1.15

PRESIDENT HOOVER—Improved Talisman; very vigorous grower; copper colored. Each

\$.75

REV. F. PAGE ROBERTS—The outstanding yellow rose; large copper red buds of great length, opening to golden yellow; blooms stained outside with red; very large; vigorous. Each

\$.75

ROSLYN—A recent, very fine yellow rose. Richer in color than Claudius Pernet and more vigorous in its growth. Each.....\$1.50

SOUVENIR—Probably the most outstanding rose in its color that has been introduced. Clear yellow. Each

\$2.00

TALISMAN—The most remarkable coloring that we know in any rose; outside of petals bright yellow; inside, golden pink; as petals unfold they become bright apricot, gold or old rose. Each.....\$.75

VATERLAND—One of the finest of the newer red varieties. Each \$1.25

VILLE de PARIS—Flower is of good size in a clear yellow. Each \$.75

"BY A GARDEN IS MEANT MYSTICALLY, A PLACE OF SPIRITUAL REPOSE,
STILLNESS, PEACE, REFRESHMENT, AND DELIGHT."

POLYANTHA OR BABY ROSES

Useful for low hedges and borders; very hardy and continually in bloom.

| | |
|--|--------|
| CECIL BRUNER—Miniature blossoms of pink. Each..... | \$.60 |
| GLORIA MUNDI—Orange scarlet. Each | \$.60 |
| GOLDEN SALMON—Glistening Orange. Each..... | \$.60 |

TREE-SHAPED ROSES

We offer the following as the best of this class of Roses for this locality.
Stems are 36-42 inches high.

| | |
|-------------------------------------|--------|
| RADIANCE—The most popular pink..... | \$3.00 |
| RADIANCE RED—Brilliant cerise..... | \$3.00 |
| VILLE de PARIS—Clear yellow | \$3.00 |
| ETOILE de HOLLANDE—Deep Red..... | \$3.00 |

AUSTRIAN BRIAR ROSES

These roses grow large, are perfectly hardy, and are suitable for shrub borders.

| | |
|--|--------|
| HARISON'S YELLOW—One of the old fashioned double yellow roses; very hardy; blooms only in June but is at that time a perfect mass of bloom. Each..... | \$.75 |
| PERSIAN YELLOW—Medium size deep yellow double flowers; very hardy; to flower freely should receive little or no pruning. Each | \$.75 |
| HUGONIS—Commonly known as the Sacred Rose of China; a very hardy single yellow rose producing great masses of flowers along the entire length of stem. Each..... | \$.75 |

A Rose Gem for the Rock Garden

ROSA ROULETTI—A wild species of rose that is ideally adapted to the rock garden. Grows in compact bush form about six inches high. Covered throughout the season with semi-double pink flowers of good form but tiny in size. A true gem. Each \$1.25

HARDY CLIMBING AND RAMBLER ROSES

2 Year Heavy, Strictly No. 1 Stock

AMERICAN PILLAR—A single flowering variety of great beauty; flowers very large, lovely pink petals with white eye and yellow stamens; flowers are borne in great bunches. Each.....\$1.00

AVIATEUR BLERIOT—The flowers, born in clusters, are saffron blushed crimson while in bud, yellow in full flower, fading to white. A superior plant with fine foliage. Each.....\$1.00

BESS LOVETT—Flowers are as large as Tea Roses. Its color is red. Each

BLAZE—The new everblooming Paul's Scarlet. The blooms are about four inches across, and the plant grows vigorously. Covered by Plant Patent No. 10. Each.....\$2.00

CHAPLIN'S PINK CLIMBER—A duplicate of Paul's Scarlet Climber except that its color is dark pink: Each.....\$1.00

DR. W. VAN FLEET—Long pointed flesh pink buds, suitable for cutting; a new rose and a very vigorous grower. Each.....\$.75

GOLDEN CLIMBER—A new introduction with outstanding merit. Its color is rich golden yellow and the plants have the earmarks of true value. Each.....\$2.00

MARY LOVETT—Beautiful wax-white flowers of open form. Flowers are borne singly. Each.....\$1.00

MARY WALLACE—The most beautiful pink climber grown; well formed, semi-double flowers of clear flame pink; free flowering and fragrant. Each.....\$.75

MME. GREGOIRE STAECHELIN—The most beautiful of all the pink climbers. The huge ruffled blooms are unlike any other climber and are produced in astonishing abundance. A meritorious introduction from Spain. Each.....\$1.00

PAUL'S SCARLET—The most popular of all climbing roses; flowers of large size of a vivid scarlet and are produced in clusters on a long stem of from three to twenty flowers. Each.....\$.75

SCORCHER—An introduction from Australia that is particularly effective. The frilled blossoms are of brilliant scarlet. Each \$1.00

SILVER MOON—Very large semi-double pure white flowers, three to four inches in diameter; beautifully cupped; a vigorous grower. Each

THE NEW DAWN—This patented rose is the first worth while ever-blooming rose; it is a sport from Dr. Van Fleet, that has its color and form, with the added value of continuous blossoms; shell pink. Each

"WHEN WAKE THE VIOLETS, WINTER DIES,
WHEN SPROUTS THE ELM BUD, SPRING IS NEAR."

SUMMER FLOWERING BULBS

AMARYLLIS—Giant Hybrids. A remarkable selection for pot-growing or for the border. Potted Plants.....\$1.25

BEGONIA—Tuberous Rooted. These are splendidly adapted to growing in the shade or for porch boxes. Plants are 1 foot high with large blooms. Red, pink, salmon, or white.

2" Any color, SingleEach, .30; Doz. \$3.00
2" Any color, DoubleEach, .30; Doz. 3.00

CALLAS—Giant Golden Yellow. Can be very successfully grown in the border during the summer. Will grow in shade. Plenty of water should be supplied to increase size. Jumbo Bulbs. Each .50; Doz. \$5.00.

CANNAS—We believe the most satisfactory way of getting these plants is to buy potted plants about the 1st of May. These will come into bloom a month before those started from bulbs, and are little more expensive.

King Humbert, (Red with bronze foliage), Mrs. A. Conrad, (Salmon with green foliage), The President, (Scarlet with green foliage), and Yellow King Humbert, (Yellow with green foliage). Any of the above.....Each .25; Doz. \$2.50

DAHLIAS

The following list of dahlias has been prepared for us by a local authority. These he says are the cream of the old and new in the different types, the ones that can be depended upon to give the maximum amount of bloom. Many that are equally lovely in cooler climates he has eliminated as they produce inferior results in this locality.

| Variety | Type | Color | Size of bloom | Price Each |
|----------------------------------|-------------|-------------------|---------------|------------|
| Mrs. I. D. Ver Warner | Decorative, | Mauve Heliotrope | 7" | .25 |
| Pride of California.... | " | Dark Red | 5" | .35 |
| Jean Kerr..... | " | Pure White | 7" | .35 |
| Jersey's Beauty..... | " | True Pink | 6" | .35 |
| Amun Ra..... | " | Copper | 7" | .50 |
| Jersey's Beacon..... | " | Chinese Scarlet | 9" | .50 |
| Mina Kay..... | " | Oriental Scarlet | 6" | .75 |
| Oyster Bay Beauty... | " | Velvety Red | 8" | 1.00 |
| Marmion..... | " | Golden Yellow | 9" | .75 |
| Queen of the Garden Beautiful... | " | Primrose | 12" | 1.00 |
| Jane Cowl..... | " | Buff and Salmon | 14" | .50 |
| Pride of Fort Morgan. | " | Red | 10" | 1.00 |
| Sagamore..... | " | Golden Yellow | 8" | .35 |
| Little Johnny..... | Pom Pom | Red | 1½" | .35 |
| Bonnie Blue..... | Show | Violet Blue | 3" | .35 |
| Cigarette..... | Cactus | Scarlet and White | 7" | .50 |
| Washington City..... | " | White | 6" | .50 |

GLADIOLUS—A few of the old, a few of the new; but all of them prize winners:

| Variety | Color | Each | Doz. | Per |
|----------------------------|-----------------------|-------|-------|--------|
| "Alice Tiplady"..... | Orange-saffron | \$.05 | \$.50 | \$3.00 |
| "Anna Eberius"..... | Velvet purple | .05 | .60 | 4.00 |
| "Chicago White"..... | White | .05 | .50 | 3.00 |
| "Dr. F. J. Bennett"..... | Scarlet, ruby throat | .10 | 1.00 | 7.00 |
| "Golden Measure"..... | Huge golden yellow.. | .10 | .60 | 4.00 |
| "Mrs. Frank Pendleton".... | Salmon,throat marked | .05 | .50 | 3.00 |
| "Mrs. Leon Douglas"..... | Flaked Salmon..... | .10 | .60 | 4.00 |
| "Sovereign"..... | Violet blue | .15 | 1.50 | 10.00 |
| "Virginia"..... | Scarlet | .05 | .50 | 3.00 |
| "W. H. Phipps"..... | LaFrance Pink, Flaked | .10 | .60 | 4.00 |
| "Prize Mixed"..... | All colors | .. | .75 | 5.00 |

ISMENE—Calathina. Peruvian Daffodils are about three feet tall, and produce lily-like blooms of pure white.

Jumbo BulbsEach .20; Doz. \$2.00

LILIES—Many of the Lilies arrive too late to be planted in the fall but can be planted successfully in the spring. We are listing only those which we feel confident will give results.

| | | | |
|------------------|--------------------------------------|-------|--------|
| Auratum..... | The gold Banded Lily..... | \$.45 | \$4.50 |
| Henryi..... | The yellow Speciosum | .45 | 4.50 |
| Regale..... | White, Yellow throat, Rose outside.. | .50 | 5.00 |
| Rubrum..... | (Magnificum) White, Rose flushed.. | .45 | 4.50 |
| Tenuifolium..... | Coral, small for Rockeries..... | .20 | 2.00 |
| Umbellatum..... | Orange-red | .20 | 2.00 |

LYCHORIS—Squamigera. (Amaryllis Halli). This old fashioned plant was much used in the gardens of our grandmothers. It is sometimes called the Surprise lily, as it throws its foliage in the Spring, and its flower stems in late summer after the foliage has disappeared. Jumbo bulbs.....Each \$1.50

TUBEROSES—Both the single and double are grown for their fragrance. Double PearlEach \$.15; Doz. \$1.50
Single PearlEach .05; Doz. .50

TIGRIDIA—The Shell Flower of Mexico. Few flowers make as striking a show in the border as these little known bulbs. They grow about three feet high, and from August till October produce a profusion of lily-like blooms in many pleasing shades of red, yellow, and orange. Plant in full sun.
Mammoth bulbsDoz. \$1.50

ZEPHYRANTHUS—Fairy Lily. One of the easiest of all the bulbs to grow. Rosea, pink.....Doz. \$1.50

INSECTICIDES

ANTROL—For control of ants. Sets of Jars and Poison.....\$1.00

ARSENATE OF LEAD—Standard poison for leaf-eating insects.
½ lb., \$.20; 1 lb., \$.30; 4 lbs., \$.75

BLACK LEAF 40—Nicotine solution for sucking insects.
1 oz., \$.35; 5 ozs., \$1.00; 1 lb., \$2.25

BORDEAUX MIXTURE—The best fungicide for blights and rots.
1 lb., \$.30; 4 lbs., \$.75

DERRISOL—Non-poisonous liquid for controlling red spiders, aphids, etc.1 oz., \$.35; ½ lb., \$1.25

FUNGTRONEN—A complete spray for Roses that will not disfigure the foliage.Pt., \$1.25; Qt., \$2.00; Gal. \$6.00

LIME SULPHUR—Dormant spray for control of scale.
1 lb., \$.30; 5 lbs., \$1.25

MASSY DUST—A powder for the control of all insects and diseases of roses1 lb., \$.50; 5 lbs., \$2.00

ROSE POWDER (Garden Shop)—A specially prepared powder to prevent all Rose Diseases, and to kill all leaf chewing insects that infest Roses. Colored a medium Green to minimize its appearance on the foliage. 1 lb., \$.40; 5 lbs., \$1.50.

SNAROL—A remedy to control slugs, snails, sowbugs, grasshoppers.
1 lb., \$.45; 3 lbs., \$.95

SULPHUR—Dusting. 1 lb., \$.15; 5 lbs., \$.50; 10 lbs., \$.80; 25 lbs., \$1.75.

TREE TANGLEFOOT—Protects against crawling insects.
1 lb., \$.60; 5 lbs., \$2.25; 10 lbs., \$4.50

VOLCK—Effective for use against scale and sucking insects.
½ Pt., \$.50; 1 Pt., \$.75; 1 Qt., \$1.00

"SHOW ME A WELL ORDERED GARDEN, AND I WILL SHOW YOU A GENIAL HOME."

UNUSUAL PLANTS

BARBERRY, Verruculosa—The Holly Leafed Barberry—A splendid plant for the rock garden; beautiful throughout the year.
10-15" specimens; each.....\$2.25

CHERRY, Double Pink Weeping Japanese Flowering—This is the rarest and most beautiful of all the cherries; the flowers are large and are fully double; the seasons outstanding offering.
Top-grafted, 6' stems, 3-year heads.....\$4.50
Top-grafted, 7' stems, 4 year heads.....7.50
Top-grafted, 8' stems, 5-year heads.....10.00

CHERRY, Single Pink Weeping Japanese Flowering—This old favorite is still rare; its beauty of bloom is difficult to describe.
Top-grafted, 5' stems, 4-year heads.....\$5.00
A few larger specimens; price on application.

CHERRY, Upright Red Flowering Japanese—Campanulata; the only truly red cherry; flowers single and bell shaped; early flowering.
8 foot specimens; each.....\$10.00

CLEMATIS, Jackmani—The old favorite with purple blooms; each \$1.00

CLEMATIS, Veitchiana—A handsome new climber from China; flowers are fragrant, yellow, and produced in the fall; each.....\$2.50

COTONEASTER, Praecox—The best of this class; new and very difficult to obtain; leaves glossy with wavy margins give the plants great beauty; the berries are large and produced in June.
18-24" specimens; each.....\$3.50

FISH

We carry at our shop at 318 West 47th a line of Fancy Goldfish for use in Aquariums or in Pools.

Commons, Comets, Fringetails, Telescopes, Calico Telescopes, Veintails, Chinese Moors and Tropicals. Prices range from 10 cents up, according to size and type of Fish.

LAWN GRASS SEEDS

Every Lawn is a distinct problem. It is impossible to make a set of rules to apply to all. Seeding and Feeding are, however, the two most important factors. If you are having difficulty, call us. We make an inspection and recommendation without charge. The following kinds of grasses are the ones best adapted to our locality.

| | Lb. | 5 Lbs. |
|--------------------------|-------|--------|
| Kentucky Blue Grass..... | \$.30 | \$1.25 |
| Red Top | .25 | 1.00 |
| White Dutch Clover..... | .50 | 2.25 |
| Annual Rye Grass..... | .25 | 1.00 |
| Perennial Rye Grass..... | .25 | 1.00 |

GARDEN ORNAMENTS

In keeping with our policy on Garden Ornaments, we are again offering to the Gardening Public a representative collection of these items which includes not only the more standard items but also many of the finer things that are usually so difficult to find. It is impossible to

ANTIQUE COPPER JUGS from Russia.

ANTIQUE OIL JARS from Italy.

BIRD HOUSES.

CAPE COD WINDMILLS.

DUBOIS WOVEN WOOD FENCING.

FENCE ORNAMENTS.

FOOT SCRAPERS.

FOUNTAIN HEADS and FIGURES.

FRENCH GARDEN BASKETS.

GARDEN FURNITURE from England.

GARDEN JARS from Spain, America, and Italy.

LABURNUM, Vossi (Golden Chain)—One of the most talked-of shrubs in the world; it has long wisteria-like clusters of flowers that are golden yellow in color.
3-4" specimens, each.....\$3.00

PEACH, Double Flowering Weeping Japanese—This tree is similar in appearance to the Weeping Cherry but its bloom is double and red.
4-6' high, 4-year heads; each.....\$4.00

PEACHES, Upright Double Flowering—We have these remarkable trees in three colorings.
Versicolor, red and white, 7' specimen.....\$7.50
Red, 6-7' specimen.....4.00
White4.00

PRUNUS, Blirieana—These trees have purple leaves with fully double rich pink blooms that are produced in profusion; 5-6' specimens, heavy; each.....\$5.00

VIBURNUM, Carlesi (Fragrant Snowball)—A dwarf compact shrub that bears pale rose flowers. Considered the finest introduction from Korea. Very sweet-scented. Specimen plants \$1.75

VIBURNUM, Rhytidophyllum—A beautiful shrub for semi-shaded places; leaves are long and wrinkled; undersides covered with brown down; flowers white in huge clusters, followed by red berries, which later turn black.
18-24" specimens; each.....\$3.50

WISTERIA, Standard—This new introduction produces beautiful pink flowers in clusters; stems are 4' high; new; 3-year heads; each \$7.50

AQUATIC PLANTS

LILIES—While all water lilies are interesting, it is greater economy to buy the better sorts in the beginning as all of them increase rapidly. We recommend the following as being superior in their respective color classes.

CHROMATELLA—4-6 inch, yellow blossoms; mottled foliage—each\$1.50

EUGENIA DE LAND—Deep rose pink—each.....\$1.50

GLORIOSA—Deep carmine changing to red—each.....\$2.25

MARLIACEA ROSEA—Soft rose-pink—each.....\$1.25

PAUL HARIOT—Yellow-pink-apricot—each.....\$2.00

W. B. SHAW—Standard white—each.....\$2.00

WATER HYACINTHS—Floating plants with lilac flowers—each \$.10

enumerate and describe each of these items as many cannot be duplicated. We invite you, however, to visit our store, and enjoy these things with us. A partial list is as follows:

GARDEN LANTERNS.

ITALIAN URNS, Fountain and Curbing.

JAPANESE BRONZES.

LEAD BIRD BATHS from England.

POTTERY ANIMALS from Normandy.

STONE BENCHES.

STONE and LEAD FIGURES from England.

SUNDIALS, American made.

SUNDIALS from England, hand engraved.

WEATHERVANES.

WROUGHT IRON, and LEADED GARDEN LANTERNS from England.

WROUGHT IRON STANDS and BOWLS by Lester Boronda.

WE HAVE ADDED A VERY UNUSUAL LINE OF MEXICAN IMPORTATIONS. THESE INCLUDE LACQUERED BOXES, TRAYS, AND GOURDS, TEXTILES, GLASS, AND MISCELLANEOUS NOVELTIES

FERTILIZERS FOR LAWNS AND GARDENS

VIGORO
Complete plant food

VIGORO—The cheapest, most satisfactory fertilizer for use about the home property; clean, odorless, and effective. 5 lbs., \$.50; 10 lbs., \$.85; 25 lbs., \$1.50; 50 lbs., \$2.50; 100 lbs., \$4.00.

BLOOD AND BONE—Considered the safest food for roses by many authorities. 5 lbs., \$.35; 10 lbs., \$.60; 25 lbs., \$1.50; 50 lbs., \$2.50; 100 lbs., \$4.00.

BONE MEAL—Contains Nitrogen and Phosphoric Acid, valuable for use with bulbs and where a slow acting food is desired. 5 lbs., \$.40; 10 lbs., \$.75; 25 lbs., \$1.25; 50 lbs., \$2.00; 100 lbs., \$3.50.

LIME—This is not a fertilizer; not to be used on lawns except in rare cases; a soil sweetener. 10 lbs., \$.35; 50 lbs., \$1.25

PEAT MOSS—A humus that retains moisture, and prevents crust forming on soils; a splendid mulching material; small bale, \$1.25; large bale, \$4.50.

SHEEP MANURE—Natural unadulterated product that has been heat treated to kill possible seeds, 5 lbs., \$.35; 10 lbs., \$.60; 25 lbs., \$.90; 50 lbs., \$1.50; 100 lbs., \$2.25.

Just now the lilac is in bloom,
Just before my little room;
And in my flower beds, I think,
Smile the carnations and the pinks;
And down the borders well I know,
The poppy and the pansy blow.

—RUPERT BROOKE
